

Stop to Chromium (VI)

CHRYSO® Reductis

50

With 60 years of know-how in the field of admixtures for construction materials and the constant objective of always offering to its customers ready-to-use solutions, today CHRYSO launches an efficient new generation reducing agent for Chromium (VI): CHRYSO® Reductis 50.

Patented by CHRYSO, CHRYSO® Reductis 50 offers a competitive solution for a significant and durable reduction of Chromium (VI), even at low dosage rates.

CHRYSO® Reductis 50 is a liquid solution, easy-to-dose, non abrasive and not very sensitive to temperature changes.
